LETTER OF RECOMMENDATION

I am pleased to recommend **Shyam Rajendren** to the undergraduate program in your esteemed university. I have known Shyam for the past four years as I was his "Computer Science and applications" instructor.

During four years of studies, he has done independent work in all his undertakings. He displays impressive logical thinking abilities. He showed keen interest in learning new topics and is quick in grasping concepts. I found him to be diligent in completing lab assignments. In my course, he stands in the top 1 % of the class.

He has a pragmatic approach to ideas and his mode of solving problems is worth the appreciation. In his secondary school studies (ICSE and ISC), Shyam has benefited from the breadth of Indian School Certificate council's (CISCE) syllabi content that has given him a comprehensive exposure to the core areas of Computer Science and Applications.

He is sincere and hardworking with a sense of equanimity and curiosity making him an ideal candidate for the undergraduate program. Shyam is a student of high ethical Standards. I am sure he will put forth all his efforts into any task that he takes up.

Based on my observation of his abilities, I strongly believe he has the potential to be an outstanding student at your university. I therefore recommend him for admission to your undergraduate program, and I wish him success in all future endeavors.

Yours Faithfully,

A. Jasmine

LETTER OF RECOMMENDATION

It gives me pleasure to recommend **Shyam Rajendren** for undergraduate studies at your esteemed university. During the three years of my teaching experience in the present school, I have come across a wide spectrum of students. I place Shyam among the top 5% of the students that I have taught. I have taught him the following subjects: Mathematics (ICSE) and Mathematics (ISC). I have found Shyam to be extremely committed and goal oriented towards his studies. His fundamentals in Mathematics are very strong.

Shyam is very good in doing problems that are complex in nature. He is thoroughly benefited by the diverse syllabi offered by the Indian School Certificate Council (CISCE) that exposed him into the core area of problem solving and analysis. His approach to harder problems is logical and cogent.

I have interacted with Shyam even on an informal basis. He comes across to me as a very polite and cultured person. Shyam is honest, sincere and possesses most qualities that a student should have. I am particularly impressed by his natural disposition while working in a team, which radiates confidence thus inspiring others, thus creating an ideal environment for teamwork.

I would be extremely happy if this genuine endorsement of mine coming out of my observation of Shyam procures an admission into **undergraduate program** at your university.

Yours Faithfully,

Vijaya Dhayakar
